

Von Duprin exit devices are available in two external surface styles, designated 98 and 99 Series.

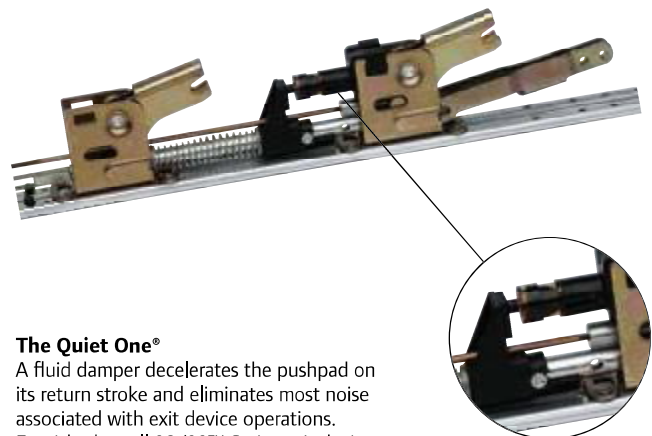

98 Series features smooth mechanism case.

99 Series features grooved mechanism case.

Latch Bolt
Deadlocking latchbolt provides security and improved performance at standard device cost.

The Quiet One®
A fluid damper decelerates the pushpad on its return stroke and eliminates most noise associated with exit device operations. Furnished on all 98/99™ Series exit devices.
